PERSPECTIVE

THE PLYWOOD USE RECOMMENDATIONS CONTAINED IN THIS PUBLICATION ARE BASED UPON THE ASSOCIATION'S CONTINUING PROGRAM OF LABORATORY TESTING, PRODUCT RESEARCH AND COMPREHENSIVE FIELD EXPERIENCE. BEST PERFORMANCE DEPENDS UPON THE USE OF QUALITY PLYWOOD, IDENTIFIED BY AMERICAN PLYWOOD ASSOCIATION GRADE-TRADEMARKS, PROPERLY APPLIED IN ACCORDANCE WITH THESE RECOMMENDATIONS.

This design is based on the use of American Plywood Association Grade-Trademarked plywood. Structural deficiencies may result with the substitution of materials. Because erection of the structure cannot be supervised no liability can be assumed by the designer or of a Meridian Plywood Association. Mention or variant use does not constitute a guarantee of the product by the U.S. Department of Agriculture or an endorsement by the Department over other products not mentioned.
